PROFESSIONAL SUMMARY

Data and insights analyst with 6+ years translating engagement and behavioral data into actionable insights for cross-functional stakeholders. Experienced producing executive-ready reports and presentations, synthesizing qualitative and quantitative inputs, and delivering recommendations that support strategy and decision making. M.S. in Business Intelligence & Data Analytics; tools include Excel, PowerPoint, SQL, Python, Tableau/Power BI.

KEY COMPETENCIES

Market & Higher-Ed Landscape Research	Insight Development & Prescriptive Recommendations	Project & Deadline Management
Qualitative & Quantitative Research	Data Storytelling & Visual Reporting	Excel Analysis
Research Design Support	Cross-Functional Stakeholder Management	Data Analysis & Business Modeling

PROFESSIONAL EXPERIENCE

Risepoint

Student Specialist (Data & Insights)

July 2019 - Present

- Monitor at-risk indicators for 600+ active students in Excel, flagging students at risk of disengagement to target outreach before enrollment decisions are made.
- Use repeatable Excel trackers to segment populations, monitor leading indicators, and prioritize outreach toward the highest-risk cases.
- Produce recurring performance summaries and present insights to cross-functional stakeholders to inform outreach and retention decisions.
- Translate quantitative and qualitative themes into actionable insights and prescriptive recommendations for internal stakeholders.

Wiley

June 2022 - June 2023

User Experience Research Intern

- Contributed to user research and usability studies, turning findings into design recommendations that shaped wireframes and features for educational platforms.
- Partnered with designers to translate research insights into user-centered prototypes, aligning what shipped with what users actually needed.

University of Florida

June 2016 - Dec 2018

National Science Foundation – Scholarship for Service Coordinator

- Administered a multi-million dollar NSF grant program end-to-end, managing budgets, fiscal reporting, and full regulatory compliance throughout the funding period.
 - Led recruitment for an NSF-funded scholarship, connecting underrepresented PhD students to funding for cybersecurity studies and supporting their progression into the field.
 - Assisted with compliance monitoring and reporting across additional student grants, maintaining accurate records across multiple funding streams.
