PROFESSIONAL SUMMARY

Data and insights analyst with 6+ years translating engagement and behavioral data into actionable insights for cross-functional stakeholders. Experienced producing executive-ready reports and presentations, synthesizing qualitative and quantitative inputs, and delivering recommendations that support strategy and decision making. M.S. in Business Intelligence & Data Analytics; tools include Excel, PowerPoint, SQL, Python, Tableau/Power BI.

KEY COMPETENCIES

Market & Higher-Ed Landscape Research	Insight Development & Prescriptive Recommendations	Project & Deadline Management
Qualitative & Quantitative Research	Data Storytelling & Visual Reporting	Excel Analysis
Research Design Support	Cross-Functional Stakeholder Management	Data Analysis & Business Modeling

PROFESSIONAL EXPERIENCE

Risepoint

Student Specialist (Data & Insights)

July 2019 - Present

- Built at-risk identification and intervention tracking in Excel, flagging students likely to disengage so advisors can target outreach before enrollment decisions are made.
- Use repeatable Excel trackers to segment populations, monitor leading indicators, and support targeted outreach.
- Produce recurring performance summaries and stakeholder-ready documentation and present performance insights.
- Translate quantitative and qualitative themes into actionable insights and prescriptive recommendations for internal stakeholders.

Wiley

June 2022 - June 2023

User Experience Research Intern

- Collaborated with the design team to develop wireframes, prototypes, and user-centered features for educational platforms.
- Conducted user research and usability studies to support data-driven design decisions. Contributed to marketing and social media campaigns by aligning visuals with UX best practices.

University of Florida

June 2016 - Dec 2018

National Science Foundation – Scholarship for Service Coordinator

- Managed a multi-million dollar NSF grant by tracking budgets, compiling fiscal reports, and ensuring regulatory compliance.
 - Led student recruitment, program coordination, and outreach to underrepresented communities.
 - Supported grant reporting and promoted STEM career pathways through university partnerships and events.
-
